## **Announcement No 002/2568**

**Subject:** Quality Policy, Vision, Mission, and Goals

Trans-Maker Co., Ltd. is committed to conducting its business in a comprehensive logistics management system. The company has implemented the ISO 9001:2015 quality management system to operate in accordance with international standards. This aims to continuously improve standards and customer satisfaction.

### **Quality Policy**

We are committed to developing service standards in transportation and cargo handling, offering efficient, systematic, and high-quality integrated logistics services that meet international standards. Our aim is to deliver maximum benefit to our customers with full social responsibility.

### **Vision**

Trans-Maker Co., Ltd. is dedicated to providing efficient, integrated logistics services that deliver the highest benefits to customers at every level, without limitation, while maintaining international standards.

### **Mission**

- Manage logistics operations to fully meet customer satisfaction and deliver value.
- Prioritize the continuous development of personnel and technology to achieve international standards.
- Provide standardized, high-quality services that impress customers at reasonable prices.
- Build trustworthy, long-term partnerships with business partners.
- Apply modern technology and information systems to maximize service efficiency.
